Another Four Years?

Tune: 99 Bottles of Beer on the Wall

Another four years of *Georgie*'s lies?
It makes us raging mad!
His State of the Union was just a charade –
We know that we've been had!

He sends our kids to die in war –
But what has he achieved?
He says he's fighting terrorists,
But we won't be deceived!

Another four years of *Georgie*'s lies?
It makes us want to scream!
We've already seen what he can do
To kill the American dream.

More of us are out of work
And more of us are poor.
With no Head Start and no health care,
We're tired of this manure!

Another four years of *Georgie*'s lies?
He must think we're daft!
He's killing Social Security –
And giving us all the shaft!

He's taking away our liberties,
And trashing the Bill of Rights,
And spying on our neighbors –
We think that really bites!

So, we won't take another four years!
Of *Georgie*, the lying hack!

We’re here today to tell the world
“We’re taking our country back!”
