Beatles Medley

Tune: Hard Day's Night

Long Hard Fight

Tune: Hard Day's Night

It's been a long hard fight
For women standing against war.
It's been a long hard fight
But we keep coming back for more.

And we know that we do
Our best to make it come true
We want a world at peace.
We want a world at peace.

Hey Grans

tune: Hey Jude

Hey grans, don't be afraid.
You were made to go out and sing loud.
The minute you let things under your skin,
Then you begin to make us proud.

And anytime you feel the pain, hey grans, explain,
We all have the world upon our shoulders.
For well you know that it's the time to find a rhyme
And belt it out a whole lot bolder.

All You Need Is Rage

tune: All You Need Is Love

All you need is rage, duh, duh, duh, duh, duh,
All you need is rage, duh, duh, duh, duh, duh,
All you need is rage, rage, lovely granny rage.

All you need is rage, duh, duh, duh, duh, duh,
All you need is rage, duh, duh, duh, duh, duh,
All you need is rage, rage, lovely granny rage,
Lovely granny rage, lovely granny rage.

We Love You
tune: She Loves You

We love you, grans, grans, grans
We love you, grans, grans, grans
We love you, grans, grans, grans, grans.

We all know granny love,
Is the best that we can fi-i-ind.
If we only knew the tune
And our glasses we could fi-i-ind.

We'd sing some satire
And you know that can't be bad.
We'd sock it to you
And you know you would be glad.

We love you, grans, grans, grans
We love you, grans, grans, grans
We love you, grans, grans, grans, grans.
